Honor Roll

ROTARY CLUB
OF OMAHA, NEBRASKA

Rotary Honor Boys

Greetings! We hope that the qualities on which you were selected to represent your school here today will always remain strong forces in making you a better member of society. We started this work to inspire boys to build for themselves higher ideals of work and citizenship. We feel progress has been made in this respect, but boys, you will be surprised to know that another very important thing happened. Our association with you has made each of us a better man. We extend to you our word of thanks for the inspiration you have been to us. We have faith in you. We know you will not fail. Truly in you, the youth of America with your high ideals and intelligence, is the hope of the world.
