ROTARY CLUB
OF OMAHA, NEBRASKA

TO THE BOYS OF OUR ROTARY HONOR ROLL

Greetings and Good Wishes—

We want you to succeed. One purpose of the Rotary Honor Roll is to recognize your early steps towards success and by this recognition to encourage you to further success. We believe that you can succeed. You will hear many people say that times are harder now and that your success is doubtful. Another purpose of this Honor Roll is to express to you our faith that success is still possible by hard work, straight thinking and friendly fairness.

The rewards of your future success may not be a lot of money. They will certainly be the respect and good will of your friends and your own sense that you have played the game honestly and with all that you had in you. From our experience, we feel these are the richest rewards life can bring.
