"He Profits Most Who Serves Best"

ROTARY CLUB
of Omaha

43rd ANNUAL HONOR ROLL LUNCHEON
Wednesday Noon—May 6, 1970
Ballroom, Fontenelle Hotel

Speaker

SIDNEY KAUFMAN
Director, Plans and Programs Division
Deep Submergence Systems Project
Department of the Navy, Washington, D. C.

Honored guests are the Honor Roll Boys of the Omaha Public Schools, District 66 Schools, Catholic Parochial Schools, Nebraska School for the Deaf, Brownell-Talbot School, and Boys Town Elementary School; also the teachers or principals, or other adults who accompany the boys, in addition to some special guests. A cordial welcome to all!

SIDNEY KAUFMAN

Our Honor Roll speaker is a native of Massachusetts . . . attended MIT and Wilmington College . . . continued his studies at Boston University and George Washington University.

As a Project Engineer and Air Force Officer during World War II, he pioneered in the development of turbosuperchargers that resulted in a major improvement in the operational capability of U. S. military aircraft. . . He later was appointed a civilian member of the organizational committee tasked to establish the Air Force Institute of Technology in Dayton, Ohio; he later served that organization as first Chief of Administration. . . He moved on to the Research and Development Command (Air Force Systems Command), where he served in progressively responsible positions.

In the International Geophysical Year, Mr. Kaufman was the scientific leader of the Aurora and Airglow Research Program conducted at U. S. Station in Antarctica and in the New Zealand, Australian, and Argentine government stations, as well as being responsible for the Air Force Upper Atmospheric Physics Program at Thule, Greenland. . . In 1963 he was advanced to the position of Senior Plans and Analysis Officer with the Research and Technology Division in Washington, D. C., and in July 1967 was appointed to his present position.

THE OBJECT OF ROTARY

To encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First: The development of acquaintance as an opportunity for service;

Second: High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society;

Third: The application of the ideal of service by every Rotarian to his personal, business and community life;

Fourth: The advancement of international understanding, good will, and peace through a world fellowship of business and professional men united in the ideal of service.

CHAPLAIN'S ADVICE TO SON

I am giving you the ball, son, and naming you quarterback for your team in the game of life. I am your coach so I'll give it to you straight.

There is only one schedule to play. It lasts all your life but consists of only one game. It is a long game with no time out and no substitutes.

You play the whole game—all your life. You'll have a great backfield. You are calling the signals but the other three fellows in the backfield with you have great reputations. They are named FAITH, HOPE and CHARITY.

You'll work behind a truly powerful line. End to end, it consists of Honesty, Loyalty, Devotion to Duty, Self-Respect, Study, Cleanliness and Good Behavior.

The goal posts are the Pearly Gates of Heaven, God is the referee and sole official. He makes all the rules and there is no appeal from them.

There are ten rules. You know them as the Ten Commandments and you play them strictly in accordance with your own religion.

There is also an important ground rule. It is: *"As ye would that men should do to you, do ye also to them likewise."*
