2020 BBB Student Service Excellence Award Winners

BBB's Student Service Excellence Awards is an annual program, funded by the Better Business Bureau Education Foundation. It was created to promote and recognize character and school and community service. It reflects the same spirit of Rotary Club's 8th Grade Honor Roll Program that has been celebrating outstanding students for over 90 years. These awards seek to keep ethics alive in the minds of Rotary Honor Roll Students during their high school years.

All metro Omaha area students in 10th grade who had been selected for Rotary's Honor Roll when they were in the 8th grade were invited to apply for these awards. Applicants had to be recommended by a school principal, counselor, teacher, community leader or religious institution. They were also required to submit descriptions of their school and community extracurricular activities, honors and awards earned. Additionally, each student had to write an essay about a time when they had to make a decision about what they did when confronted with an ethical dilemma.

The applications were submitted to an independent panel of judges, representing both BBB and Rotary, who selected the award recipients. These awards are unique because the winners do not receive a scholarship or a prize. Instead, they are asked to select a charity they would like to support. A check for \$200 from BBB's Foundation will be sent to the students' designated charities in their names in honor of their integrity and commitment to service. The recipients exemplify the values of the Better Business Bureau and Rotary – personal integrity, ethical behavior and leadership. The 2020 winners, the high schools they attend and the charities they selected are:
