

# JOIN ST. LOUIS PARK ROTARY!

**And see yourself giving back, for good.**

**THE ROTARY CLUB OF ST. LOUIS PARK** is comprised of professionals and business people, who are committed to community, youth and international service, vocational excellence and the highest business standards. As part of Rotary International, we provide humanitarian services, maintain high ethical standards and build goodwill around the world. We are members of an organization of 1.2 million Rotarians in more than 165 countries.

# What our members are saying about Rotary...

## **Anna Mae**, Edward Jones Advisors

Rotary is a place where good intentions are backed by accountability. We all have aspirations of making the world a better place. But our world view is limited. Rotary educates me to see the world from many different perspectives, to interact with those perspectives, and go about my life's mission with more compassion for others. For me, Rotary has given my purpose a backbone.

## **Rob Metz**, Superintendent, St. Louis Park Schools

I joined to be part of a community-wide group that helps build assets in children, all over St. Louis Park and all over the world!

## **Brad Meier**, President, Twin West Chamber

I'm part of a global effort to bring honest business practices to everyday life and work to serve others in our community and abroad.

## **Steve Solbrack**, Digital Consultant

I joined Rotary 24 years ago for networking, fellowship and community service. I also considered it a great opportunity for leadership development and public speaking as I moved into middle management in my career. Joining Rotary was one of the best decisions I ever made.

## **Seth Schuett**, Edward Jones Advisors

I have gained two things that I value very highly from my time in Rotary: knowledge and relationships. The friendship that Rotary promotes is, in my opinion, invaluable, and the expertise that is presented each week on a wide range of topics is excellent for personal growth.
