

DOES STRIVE MAKE A DIFFERENCE?

YES! Here is a quote from a past STRIVE student: "I would like to thank the Rotary Club and everyone else who made the STRIVE program possible. This has helped me get my life back on the right track. I just wanted you to know that people like yourselves have inspired me to become a successful person. I no longer say that "I want to become..." or "I want to go..."; I say "I will become..." and "I will go..." For the first time in years I believe in myself and I believe that I can do anything that I set my mind to. Thank you for spending your time and your money believing in kids like me."

STRIVE

WHAT IS STRIVE?

STRIVE is a program for high school seniors who have faced some academic challenges but want to make the most of their last year of high school.

HOW DOES IT WORK?

Students who choose to participate in STRIVE are matched with an adult mentor from one of the Rochester Rotary Clubs or community. Mentors are not tutors, but are there to offer support, encouragement and assistance. Students and mentors meet once a month for about 50 minutes during the school day and talk about how school is going and what their plans are for the future. Meetings also include presentations on topics relevant to life after high school - college, careers, finances, etc. The goal is for students to improve their grades and scholarships are awarded to those who show the most improvement in their GPA during the first three quarters.

There are four scholarship levels with a top prize of \$750 awarded at each high school.

At the end of the year we'll celebrate the completion of the program with an awards celebration for STRIVE students, their families and mentors.
