Dear Mrs. Luedke,

Thank you for the grant of \$1,000.00 the The Gan- Early Learning Center on 07/12/2023.

At The Gan -garden in Hebrew- each child is viewed as a seed that we nurture with the utmost care. A seed that is most impressionable in its first years, since the seed's every experience will shape and color the quality of its matured self.

With your support and partnership The Gan will continue to guide and encourage our children to grow and discover themselves as young learners.

Sincerely,

Rabbi Shloime Greene
