

THE ROTARY CLUB OF ROCHESTER POLICY ON POLITICAL PRESENTATIONS

as of July 1, 2020

The Rotary Club of Rochester allows governmental persons or entities to present informational updates at our meetings but does not allow political presentations from candidates or groups related to upcoming decisions decided by vote.

This policy was determined based on the following:

1. Rotary is a service organization which respects the diversity of its membership including their political viewpoints.
2. Meeting time is limited and therefore does not allow the club to accommodate presentations from all candidates or groups with opposing viewpoints. Allowing some and not all presentations does not comply with Rotary's Four Way Test which includes "Is it fair to all concerned?"
