

Vocational Talk Speaker Outline

Vocation is the cornerstone of Rotary. However, we don't spend a lot of time on vocation in our regular meetings. Most of us think Rotation Days are great, but not all of us are able to host a Rotation Day. Vocational Talks allow us to share our vocation with the rest of the club at one of our regular meetings.

Please take **FIVE MINUTES** to tell us **SOME** of the following...

- Your background
 - Where you were born
 - Where you grew up

- How you started on your career path
 - Your educational background
 - What jobs you held early in your career

- Your current vocation
 - Place of employment
 - Description of what your organization does
 - History of your organization
 - Your role at the organization
 - Emerging trends or issues in your industry or field
