

The Rotary Club of Rochester Community Foundation (2022 Impact Grant Announcement)

The Rotary Club of Rochester Community Foundation is offering a Community Impact Grant up to \$10,000 that is intended to benefit our Rochester community.

The applicant should demonstrate how the funds would be used to promote health, education, or self-development of people within the Rochester community. This year's award will be given to a service effort not currently funded by the Foundation. Although this grant award is not intended to be a donation to another organization, the funds may be partnered with another collaborator. All funds need to be used within one year of receiving the award.

Grant applications must be submitted by July 1st, 2022, to be considered

Submit applications to: The Rotary Club of Rochester Community Foundation via e-mail to:
joshnoser@gmail.com

Please add "Community Impact Grant" in the subject line;
you will receive a confirmation of receipt.

A Grant Award decision will be made by July 28, 2022

The grant will be awarded by a committee made up of Foundation Board members. The selection process will be objective but will favor projects that best align with our Rotary Club's strategic plan to promote health, education and self-development in the community. Additionally, this grant application may be submitted by anyone in the community, not just Rotarians. However, because Rotary is primarily a service club, we would favor an activity or event that provides a service opportunity to engage the Rotary membership as well as others in our community.

Impact Grant Application questions should be directed online to: joshnoser@gmail.com
