ANNOUNCEMENTS, REPORTS

Steve found out he was not the only one who got wiped out walking in the Wendy Parking lot this morning.

Many compliments on the visit of the International President John Kinney. Craig got to go to the dinner in the evening in a nice setting, one of the old Hill Houses in St. Paul.

John Wubbels was inducted into the club and given several medals from our collection of Rotary Pins. John is a Mortgage Banker at Wells Fargo, formerly an owner of a Bed and Breakfast here in town. He grew up in northern Minnesota where curling was a High School Sport. Mike noted that over the years Rich Cummins has brought so many members into Rotary, it is hard to keep count. Thanks Rich.

There will be a new member orientation this Friday at Family Means at 7 AM

Margie H. presented Mark Fisher with a Sapphire pin to commemorate his donation of \$1000 to the Rotary Foundation and Mark used the internet to make his donation. Margie said that it is easy to do, give it a try and a big thank you to Mark.

Then Mark gave an impassioned speech supporting our upcoming fundraiser of the Brewers Bazaar which will take place on the River on the Avalon Showboat, top deck. Last year we netted \$18,000 on this fundraiser. This is the time to be looking for sponsors, since they are the major reason we do well raising money for our many projects. Breaking news....our famous purple pinkie Rotary Foundation drive will be led by Jon Stillman.

Dave Newman gave an update on the Fast for Hope with Nicaragua. He recently returned from a trip in which they had a chance to visit with the local Rotary Club. Its' President, on reflecting on his difficulty speaking in public, had this to say, "I don't mind being stupid for 10 minutes if I am smart the rest of my life!!!"

NEXT WEEK'S PROGRAM:

GETTING TO KNOW OUR MEMBERS

As part of a new initiative, the previous weeks host provides a semi-biographical introduction of the host for this week's program to help us to better know our membership.

Margie H. introduced Ed Boeve. Ed has been a Rotarian for 10-15 years and employed by East Suburban Resources as Managing Director since 1990. He has worked in the field of services to persons with developmental disabilities since 1976. He has a master's degree from Moorhead State U. on Human Resource Management. He is the father of three adult children and two wonderful grandchildren. He and his wife Sue have lived in Stillwater for the past 24 years. Sue is a lab manager at Lakeview Health Systems. He is active in the Presbyterian Church and enjoys fishing and golf.

Sergeant-at-Arms

1905 Rotary began, 105 years ago.

Margie reported on our Japanese exchange student, the one who dyed his hair pink, who is on Facebook and is announcing his recent marriage.

Pete just returned from Scottsdale, AZ and reminded the mentors of STRIVE that there is a meeting tomorrow.

Jon S. mentioned that one of our exchange Students from FRANCE who is on a world tour with his girl friend, finds that his she is expecting a child, conceived in Chile.

Ute B. thanked Tim for a collection of pins she is planning to give to a member of her club who collects them. She also expressed compassion for Steve for all he has to endure with wearing that awful jacket.

PROGRAM

Ed introduced our speaker, Dr. Andy Ulland, who just returned from a mercy mission in Haiti. Before he introduced him, he just noted that Dr. Ulland enjoys doing Ballet, and has regularly played the role of the King in Sleeping Beauty.

Dr. Ulland, who has been traveling to Haiti for many years, noted that the recent earthquake may have been in some ways a blessing. The infrastructure of the island is not good, bad roads, poor utilities and water only available by trucking. Andy travels to Haiti on a regular basis with other colleagues who donate their time doing general surgery at a hospital on the north seacoast which did not suffer that much damage from the quake. He showed lots of pictures of the country and its culture. The most obvious was the lack of roads, good buildings and on top of it burning charcoal as a source of heat and cooking which leads to a lot of pollution.

The people are very talented artists with many art works excellent.

Then he showed us many looks at the medical surgery they were doing, broken bones, flesh gone dead from crushing etc... Pretty gruesome but showed the remarkable job that they do.

JOKE OF THE WEEK

Single Black Female

This has to be one of the best singles ads ever printed. It is reported to have been listed in the Atlanta Journal.

SINGLE BLACK FEMALE seeks male companionship, ethnicity unimportant. I'm a very good girl who **LOVES** to play. I love long walks in the woods, riding in your pickup truck, hunting, camping and fishing trips, cozy winter nights lying by the fire. Candlelight dinners will have me eating out of your hand. I'll be at the front door when you get home from work, wearing only what nature gave me.. Call (404) 875-6420 and ask for Daisy, I'll be waiting....

keep going

Over 150 men found themselves talking to the Atlanta Humane Society. Daisy is a Black Lab Puppy.

President John Kenny- Rotary International

Governor Newell Krogmann - District 5960
