ANNOUNCEMENTS, REPORTS: Arba Della Beck, President

It was a very busy agenda. Arba Della called on former District Governor Newell Klugmann who presented three citations to our club for efforts last Year:
 We were presented with the Presidential Citation for various goals being met. There were 23/65 clubs who gained this citation.

Also we received recognition for membership with a good mark of 80% retention and finally the Best Cooperative Projects where the St. Paul Chapter was the only other recipient. This recognized for example, our involvement with Boutwell Landing in our Halloween Parade.

A big thanks to Steve with the success of the Picnic. There was no winner in the Bolo tournament so Steve attempted to arrange a runoff in the parking lot after the meeting.

Craig had a special District Services Award for Margie for her constant help on so many things in the District. Margie turned the tables on Craig and gave him his 4-time sapphire studded Paul Harris Foundation Pin for donating \$4000 to the Foundation.

And to finish the awards, Arba Della thanked Janice for all the work she has done truly a "Service Above Self Person" yet only being a member for 2 years.

Dave L. passed out brochures for the 10th Annual Moonlight Golf which will occur on September 25. Below is look at the brochure and the information for the event. Dave mentioned it is only 10 weeks out. Twin's tickets will be part of the silent Auction.

Mark said that as a judge for the pie contest he was part of the threesome (Joe and Todd from Josephs) to pick the top pie for Lumberjack days. It was called Strawberry Swirl..Try it, it is good.

Steve and wife are celebrating their 16th anniversary this month, Mike the 27th. Anyone who watched the Twins game lately, would have seen Mike behind home plate in beautiful seats.

PROGRAM

Andre Bissette is in charge of publicity, marketing, newsletter and many other jobs at the River Market. The River Market has been in existence for 30-33 years, 12 years downtown Stillwater. Andre feels that true sustainability is a combination of economics, environment and society. There is a movement among markets like ours, to shift to local merchants, suppliers and sacrifice organic if necessary. They actually build in an incentive for local suppliers that they do not pass through to the consumers.

A good example of a local farmer in the Valley is Roger Brown, who owns a small farm and does not want to expand.

The store features farm tours and in store displays as part of its' promotion of local farmers. It is a member owned store which provides it with a loyal set of customers.

Andre was very entertaining. In answering the question whether there were contracts with suppliers like minimums etc.. he said yes but not so with variable supplies like squash and lettuce...and of course no banana suppliers in the valley, if so that would be a little creepy.

JOKE OF THE WEEK

Grandmas don't know everything.....

Little Tony was 9 years old and was staying with his grandmother for a few days.

He had been playing outside with the other kids for a while when he came into the house and asked her, Grandma, what is that thing called when two people sleep in the same room and one is on top of the other?◆

She was a little taken back, but she decided to tell him the truth. It's called *sexual intercourse*, darling.◆

Little Tony said, Oh - OK, and went back outside to play with the other kids.

A few minutes later he came back in and said angrily, Grandma, it isn't called *sexual intercourse*, it's called bunk beds, and Jimmy's mom wants to talk to you.◆
