## The Kristine Hinrichs Scholarship

Long time Rotarian Kristine Hinrichs established a scholarship to support the higher education dreams of students from the City of Milwaukee. Kris understands firsthand the impact that scholarship support can have on a student, as her own dreams of attending Minnesota State University were made possible thanks to a scholarship award. Kris went on to devote much of her time and talent to a career in municipal government (the last being the City of Milwaukee), through her involvement with Milwaukee's running community and as a photographer documenting the beauty and interest of the city's neighborhoods and residents. This scholarship will continue Kris's impact on the city she loves, now and into the future.
