The 11-mile Interurban Trail which will connect Oconomowoc to Watertown. Currently about 2 miles of the trail have been completed east bound from Watertown. A grant to complete the middle portion has been received and the middle section of the trail will be completed in 2022. We are raising funds to complete the final eastern section of the trail that will ultimately connect Oconomowoc. This will give riders the opportunity to ride a 26-mile trail from the Eastern Lake Country Trailhead (Ingleside Hotel in Pewaukee) all the way to Watertown!
