

Detective Robert Grall
Waukesha County Sheriff's Department

Robert Grall is a Detective with the Waukesha County Sheriff's Department and is currently assigned to the Waukesha County Metropolitan Drug Unit. His duties include forensic analysis, crime scene investigations, and evidence management.

Detective Grall has served the Waukesha County's Sheriff's Department for over 25 years. While assigned to the department's Detective Bureau, he worked as a sensitive crime investigator and polygraph examiner. He eventually became the lead investigator assigned to the Computer Forensic Lab. This entailed examining digital evidence such as personal computers, tablets and cell phones for evidence associated to various crimes.

Detective Grall continued to excel in computer forensics and ultimately was placed into the newly formed Milwaukee FBI Cyber Crime task force in support of the national effort to counter threats posed by terrorist, nation-state, and criminal cyber actors. Detective Grall continues to serve the citizens of Waukesha County by utilizing his wide array of experience and knowledge to confront today's ever changing drug environment.
