## **2021 Rotary Foundation and Polio Plus Challenge**

**One Month to Make a Difference – Donate Today.**

Rotary's World Polio Day is October 24, so as a new challenge to our club, we've set that day to reach or exceed this year's Rotary Foundation and Polio Plus goals – \$5,000 and \$2,000 respectively.

Instead of kicking off our annual drive on World Polio Day, we're going to use it to celebrate achieving these goals – with your help right now.

The Rotary Foundation is a key component of Rotary International and each Rotary year our club sets a club goal for contributions to the foundation to support its work globally, regionally and locally in its seven focus areas as well as a separate Polio Plus goal to help ensure worldwide eradication of this disease.

**Donation Details are on the reverse side.**

***Together – We can meet and beat this one-month challenge***

Rotary Foundation helps locally, regionally and around the world.

***Let's meet our goals by World Polio Day – October 24, 2021***

***Contribute the way that's best for you...***

That's right. While most members choose to make a one-time donation by check, you can also give each month or quarter. And, if you'd prefer to charge your contribution, just ask us for the necessary form.

***And matching Paul Harris Fellow points to the first 30...***

Yes. As our club has done in the past, in addition to receiving the Paul Harris Fellow points for your contribution, our club will make a \$50 match for each of the first 30 contributors of \$100 or more this Rotary year. That helps make it easy to achieve your first or next Paul Harris Fellow milestone. But hurry, some of these 30 matches have already been claimed.

Giving to The Rotary Foundation is NOT a club requirement, but we hope you can send \$5, \$10 or \$25 to help make this a total club effort. Please make your checks out to **The Rotary Foundation** and send them to:

Bill Buterbaugh      103 East Genesee Street      Skaneateles, NY 13152

The Skaneateles Rotary Club has always been extremely generous in contributing to The Rotary Foundation and Polio Plus. Your continued support is greatly appreciated.

***...in advance, THANK YOU!***
