the Skaneateles Rotary club, have put lots of effort and dedication had built and equipped the medical facility over the years. This is the only clinic, which provided the modern medical service. The clinic is supposed to be handed over later to the South Sudan government. However during the civil war, this facility has been damaged severely, both the building and the medical equipment need to be repaired and resupplied the much needed medical equipment, which are very vitally needed towards this end, the Primary organization "John Dau Foundation " which has been established" to serve the people of south Sudan. This is the only clinic, which provides maternity care and child-care during the newborn and childhood period. After the delivery the mothers are taken care by this clinic staff. There is high maternal mortality with 2 of 100 mothers may die, due to lack of maternal care. This clinic also treats blindness due to cataract, eye infections. Dau also pointed out that the social customs in south Sudan permits the men to practice the Polygamy. This results in high birth rate. Each family sometimes have 8-9 children. But due to birth defects, lack of newborn and infant care leads to infant mortality. There may be 40 to 50 percent mortality of these babies.

Both John Dau and Jack Howard are passionately pleading, for our financial and moral help and commitment with greater urgency. To create community awareness there is a "Walkathon" event been organized. The event will be held at the Austin pavilion, on Jun 22 at 7 AM and 1.3 miles of walking is involved. .... *Umesh Patil*
