President's Message

Bill Conole

I am please to announce the publication of newly formatted Skantarian Newsletter and Website/Database system, which was approved at this months Board of Directors meeting.

The new website/database will allow members to view and update their data and access the many resources available to them; including Rotary, District, village, town & school information. All the features of the previous

website will available including; picture galleries, document arcives, membership data and pictures, etc.

The club weekly newsletter, the Skantarian, will be published from the new website application as well, which permits integration of program information, birthdays and Rotary anniversaries from the web-data directly into the newsletters, and more.

Club officers can now manage club and membership data, committee assignments and attendance on the site database. The Club and member information and updates are fully integrated with District and RI database, simplifying keeping those files up to date. The site/database has a multi-layer security feature which secures member and/or club sensitive information from those without approved access.

The temporary URL for the new website is:

<http://portal.clubrunner.ca/5861>, which you will want to bookmark. Contact Ward at; wardtv37@mac.com for your password.

The current website, which was created and maintained by Ward Vuillemot, will be shutdown on, or before, June 30th, at which time, the new site will become our primary web/data/bulletin resource. We thank Ward for his years of effort in keeping us in touch with our neighbors and the world of Rotary through the web.

We are looking for interested Rotarians to volunteer to be on a newly formed committee to manage and support this new capability, which will greatly assist us we move forward in this effort. If you are interested, please contact me or Ward if you have an interest.

LAST WEEK: Skaneateles's New High School Principal, *Gregg Santoro* updated our members on the high school's new website & on his student centered manner of guiding & leading the staff & the students. The school's new lively website is changed frequently & provides news on school programs, teachers & students. In fact students are usually the primary focus of the website. In a recent website six students were interviewed in a video. In this video Gregg Santoro introduced the students with the theme, "Seniors, you only have four months left ---where would you rather be!" Gregg said he is thrilled to be the Principal of Skaneateles High School. Every day, rain or shine, he greets each arriving student with a handshake & a smile.
