Still looking for President elect Nominee for 2019-2020
District Conference & Rotary International are coming up!

Program: Peter Walton

Peter started doing biking for his health. He showed a video of a Danny Macaskill doing extreme biking on the Isle of Skye. You Tube videos inspired Peter to start biking. Peter and 3 friends went to the [International Mountain Bicycling Association](http://www.imba.org), IMBA world Summit in November of 2016 in Bentonville, ARK. They got instruction on bumps, berms & jumps with the idea of becoming instructors themselves. He enjoyed seeing the Walton 5 & 10 store... the 1st Walmart. Then they went to the Railyard Bike Park in Rogers, ARK. In the mountain bike community, everyone wants to share their knowledge and experiences.

The CORP www.madcitydirt.com Mountain Bike Club that he belongs to are accomplishing a lot including over 300 members, added over 6 miles of beginner trail in Dane County as well as 7 other mountain bike trails .

It's a great family sport, too.
