Shawn and Gabriela are in Richland Center making a presentation on Ecuador.

Ecuador relief fund has \$3895 which includes \$298 from Gabriela's garage sale money and \$1500 from the Waupun club.

The International Committee would like to write grants for a water purification system in Portoviejo. We will write a District Grant using \$3750 which will be matched. Ecuador is planning about 20 more purification plants so we may be working long range with World Grants in the future. Merideth will be coming home on June 8th with an open house on June 25th (2pm to 7pm) to welcome her home. All members are invited.

Steve Helwig talked about the Rotary Club and what will be needed at the Frolic. The Chairman of the Frolic Committee is concerned that we might be overwhelmed by the amount of people who will be there due to the Steil Lumberjack Event. It is recommended that we fine tune our menu. Do we need more grills? It is suggested that we utilize the entire building. Rob says that more space we may be able to double production by increasing the space. Mike suggests we not have grilled cheese sandwiches or cheese hotdogs because we cannot make them up ahead of time. Should we have brats? Make things even dollar amounts? Students can get "Silver Cord" hours if they work at the Frolic for free. Dixie is working on getting volunteers.

Peggy and Tony made a presentation at the District Conference this weekend. The District Governor asked them to talk about our Community Grants Program.
