

# Rotary Grant Request 2025/2026

## Funding Requests October 1, 2025 – March 31, 2026

---

Rotary is a global network of 1.4 million neighbors, friends, leaders, and problem-solvers who see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves. Rotary members contribute their skills, expertise, and resources to help solve some of the world’s toughest problems locally and internationally. From providing local community food pantry support to preventing blindness in India, **Rotary Club of Mount Horeb Grants** bring service project ideas to life both locally and afar; both big and small.

### Grant Guidelines

The Mount Horeb Rotary Club has changed its policy to solicit funding requests from organizations from one month a year to continuously accepting applications throughout the year. However, to receive the current fiscal year’s funds, applications must be submitted prior to March 31<sup>st</sup> to be considered. Applications submitted after April 1<sup>st</sup> will be considered in the following Rotary fiscal year (July 1 – June 30). All funds will be distributed before the end of the fiscal year. This change is to help the Rotary Club of Mount Horeb be able to see annual grant opportunities within the community and plan accordingly.

The Rotary Club of Mount Horeb has budgeted \$12,900 for Direct Community Giving and \$3,000 for Rotary District & Global Grants for its 2025/2026 fiscal year. Historically the club has preferred to spread its support among multiple organizations.

### Grant Policies

Annual funding requests are awarded by the Mount Horeb Rotary Club to those groups (including but not restricted to not-for-profit organizations exempted by Section 501(c)(3) of the Internal Revenue Code) in alignment with Rotary’s Mission. Funding requests may be made by groups or individuals that require financial support for a project or service that advances and enriches the common welfare of their community and aligns with Rotary’s mission\*. In no case does funding one year assure funding in the next. Any application submitted prior to March 31<sup>st</sup> will require a new application for the next year.
