Roclarion

October 30, 2018

Our speaker Dr. Donald Paul Wyman enlightened us with some of the operations that have been conducted by the C.I. A. in the past. His tales and the manner in which he presented them, made for a very interesting meeting. This is his second time talking to us and he has been asked to return with part three, I know I am looking forward to his return presentation. He talked today about our parachuting over fifty young Chinese Americans into Red China, they were never heard from again, they repeated the operation and after a while they heard from one. A operation called Sky Hook was started and the rescue plan and all on board were either captured or killed, it was a trap. He also talked about an operation involving a ship commission by Howard Hughes for 400 Million dollars, that was set up to recover a downed Russian Nuclear sub They went in under the cover story of mining the Ocean floor for "Manganese Nodules". This and other stories can be heard at the Captiva Rec Center Nov. 10th or when he returns to us again. Keep your eyes on the Roclarion for further information as to when .

We welcome Cindy Brown as our newest member, her infectious smile is more than welcoming. Larry Newman leads the installation, as President Ray pins the newest member. Cindy Brown works for Senator Daniel Webster and lives in the Villages.

Dictionary day at Fruitland Park Elementary School. Thanks to all who “worked” the event. It was great. Thanks to Third grade teacher Ginger Goodwin for the pictures.

The Four Way Test
Of the things
We think say or do

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better Friendships?
4. Will it be beneficial to all concerned?
5. Will it be FUN?

USCGFR is a great opportunity to enjoy Rotary fellowship and golf at the same time. The tournament is played over three days (54 holes); two day play is also offered. Golfers are placed in divisions by handicap. There are gross and net score national champions. Stableford scores are used for division awards.

- Play challenging and different courses
- Sharpen your game with friendly competition with golfers of a similar skill level in handicap divisions
- Travel to different venues in the U.S. & Canada and meet Rotarians from all over North America and the world
- Compete for prizes and awards
- Develop new and lasting friendships
- Exchange home-and-home golfing with other members
- Compete in individual and team competition
- Players of all levels are welcome
- Sightseeing and shopping tours available for non-golfers
- Members receive the annual newsletter and access to a directory of members and their contact information.

Once you come to one, you won't want to miss any in the future.
