Our speaker today was Dr. Kimberly C. Ireland, Medical Director and eye Surgeon at St. Luke's at The Villages, an accredited ambulatory surgical center, located here in the Villages across from The Waterfront Hotel.

Dr Ireland talked about Cataracts and other eye problems, she went into some of the causes of the problems of eyes, and how to recognize them as well as the treatments available .

She show a short video of an actual cataract operation to demonstrate how with the help of modern surgical techniques, it has become a relatively simple procedure , in the hands of a skilled surgeon .

Dr. Ireland specializes in advanced laser cataract surgery as well as provides detection and treatment of a wide range of eye disorders including glaucoma and retina diseases such as diabetic retinopathy and macular degeneration.

There was a lot of questions asked and answered after her talk, we almost ran out of time.

Questions? Please contact Jeff Cohen 704-677-2558 or jcohenassoc@aol.com

Greetings! From The Guatemalan Literacy Project

Thanks so much for all the hospitality while I was at your meeting!! It was fun!!

I have the answers to the questions that I remember, and wanted to share them with you. (See below) I also wanted the name of the person who introduced me and presented the certificate, and gave me a packet for joining your Rotary Club. Can you send me his name????

Here is a cut and paste from the email I got back. Sorry for the delay....evidently people were on vacation so it took longer to get answers. (BTW, hope you had a great Thanksgiving!)

1) What is our Global Grant number? **#1989785**

2) If several members were to sponsor a scholar, would that money be matched by the rotary district, and above? IF not, how could they do it, so that they could sponsor a scholar as well as get the rotary matching for those funds??? Unfortunately no. The Rotary Foundation and the districts will ONLY match Global Grant contributions, so if they want the matching they unfortunately won't be able to get it through sponsoring Rise students.

3) The slide said that the GLP in 2019 served 54,000 students.... how many are still out there that need this same help? We know there is a lot more need out there. We're always expanding our programs to serve more schools and students every year. Often the schools we work with are approaching us because they've heard about us or seen our work in nearby communities and want it at their schools too. We then assess the need on a case-by-case basis. Especially in the Computer Program, we've been limited in the past to larger schools (where the sustainability model is most effective), but we're currently exploring innovations to that program, like a mobile computer lab, to serve smaller, more rural schools where the need is great.

4) Is the US govt, or the Guatemalan government involved at all in these programs? Does government corruption require us to pay any government money? We've actually got a great partnership with Guatemala's Ministry of Education, who have recognized and certified our textbook, computer, and Spark programs. We work with local ministry supervisors to make sure they're involved and connected. The curriculum in our programs is regularly updated to ensure it aligns with the national curriculum. And our staff have even been invited to participate in professional development (including being invited to speak at conference about our computer program model and curriculum!). We do need to be certified by the Ministry to work in schools, but we've worked hard to build trust and make it a valuable partnership, not a contentious one.

Hope this answers many of the questions that were posed to me....

Angie Gilmore will be organizing responses to those that wanted more info!

Thanks so much for agreeing to have me! I'm excited that you all may become involved! It's such a great program!!

Have a wonderful Christmas!

Christi Eisenberg

The Four Way Test
Of the things
We think say or do

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better Friendships?
4. Will it be beneficial to all concerned?
5. Will it be FUN?
