Our speaker
Fields , Execu-

ry's Camp Florida. She told us about the history of the camp, that the 21 acre camp was built in 1952 as a church camp. It was then acquired by Rotary Clubs throughout Florida, in 1991 and a restoration was implemented. Now the camp meets the full standards of The Americans with Disabilities Act (ADA), accommodating up to 129 children in camper cabins

The Rotary's Camp Florida is a camp for those with special needs, operating year round, serving more than 3,000 children and adults every year. Most of the campers have limiting conditions , such as multiple sclerosis, cancer, leukemia, diabetes, blood disorder, birth defects, etc.

Many are in wheel chairs and need close supervision for medical and personal safety. The camp serves as a resident camp or a day camp.

The camp features a 21 acre site nestled between two lakes in Brandon Florida. They have a variety of facilities with camper cabins, an infirmary, library , recreation hall, swimming pools, chapel, a butterfly garden and a kitchen/ dining hall.

They also feature a full compliment of water sports equipment, an archery range, golf driving range, basketball courts, fire pit, BBQ areas and various sports fields. With a medivac helicopter landing area, which can reach every hospital in the Tampa area in about 10 minutes when necessary

Their mission : "is to ensure that all special needs children have the opportunity to experience the same fun and enjoyment that we did as children.... And thereby enrich them in mind and spirit"

If you want to donate to them contact them at WWW.rotaryscampflorida.com or contact a member of our board of directors to see if we can support this worthwhile effort.

The reasons that Rotary Camp Florida exists

The Four Way Test

Of the things

We think say or do

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better Friendships?
4. Will it be beneficial to all concerned?
5. Will it be FUN?
