Our speakers today were from the “House Of Hope” in Wildwood. The House of Hope is a residential center for men recovering from drugs or alcohol addiction. This very worth wild project was started in 2014 with donations of land and some buildings, that were in need of repair. The House of Hope residents give back with their time and sweat equity as well as attend classes . There is no paid staff at all, it is run entirely by volunteers .

The program consists of a three phase model :

1. They must face the fact that they need help.
2. They must attend classes that are needed such as GED Class, Lifestyle classes as well as computer training.
3. Join the outside work force, they can stay as long as it takes them to get back on their feet.

Their Vision is “is to help reconcile all men with life controlling addictions that come to House of Hope --- reconcile to God, family, and society.

After a excellent talk the speakers Pat and John received the cup of honor from President Donny..
