Our speaker today was Dr. Donald Perry seen her receiving his trip to the moon certificate and our antibullying pledge for his talk .

Dr. Perry is a Board Certified Orthopedic Surgeon . He is now affiliated with Advent Health Waterman in Tavares, just of 441.

He explained the difference between full and partial knee replacement and the various ways they do the entry for hip replacements.

Dr. Perry and his team at Adventhealth-Waterman provides some of the most advanced orthopedic care available in Central Florida .

They have a designated orthopedic unit, with private rooms and specialized areas for rehabilitation., that is designed specifically to meet the needs of their orthopedic patients.

Dr. Perry fielded many questions from the floor from those of us who have had work done. He also told that thirty years ago the replacements only lasted 10-15 years, with the progress in research it is more like 30+ years now.

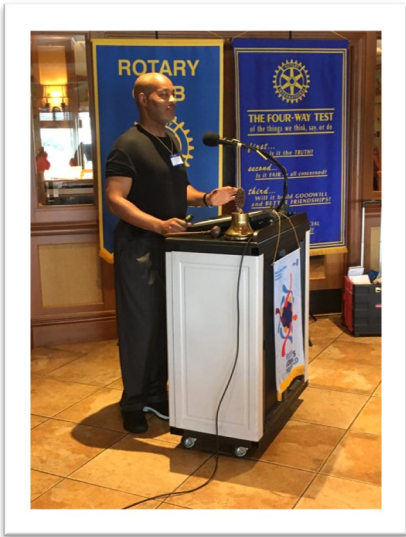

President Danielle's Message

With Thanksgiving right around the corner I encourage you to stop and think about all of the things in your life that are worth celebrating. As a Rotarian, we know the value of service and I hope you take the opportunity this holiday season to give back in a way that is meaningful to you and your family. I am excited about all of the great things currently happening in our club - we are looking to induct two new members next week, our RYLA submission to support a local student on their leadership journey is almost complete, and we are killing it with all of the activity of amazing Youth Services team! Thanks for all you do and although I will be out until the end of January on maternity leave I trust you won't miss a beat, as our club has strong leaders to assist in my absence.

Until next time - Danielle
