President Danielle advises our speaker that he has been awarded a trip to the moon (Pictorially speaking) and that a donation was made in his name to help fight bullying. His talk was on his experiences in starting the Center for the Advancement of Relevant Education.

This program has help a number of students around the country get needed education on :

Personal Opportunities such as , discipline & opportunities , teamwork and relationships, personal life decision making .

One example is of inner city schools in Indianapolis, all these students were below the poverty level

The results were amazing 100% accepted to 4 year University on Scholarships.

Mr Harrison is looking for help in brining this success here to Florida Students, if you have any ideas contact him at :
