Your annual membership costs depend on your level of involvement and commitment. So, for a fully engaged member your annual investment in Rotary could be as high as...**\$860.00+**

Quarterly invoices are emailed and are sent through our accountant via QuickBooks prior to that quarter. Members are expected to pay from that invoice. Special billing arrangements are possible, and we do accept credit cards.

We understand that this is a substantial commitment. If you ask members, they will tell you that it is a worthwhile investment. If our dues are too high for your current budget, we're more than willing to help you find a less costly way to get involved in Rotary.
