Carmen-Goody Pools and Patio Center

The Saratoga Springs Rotary Club

is pleased to present the 1981 edition of it's Home Outdoor and Energy show at Saratoga Harness Track.

This show exemplifies the Rotary slogan "Service Above Self". All over the world, in 154 countries, 850,000 Rotarians work actively together and for others in pursuit of this ideal.

Service is perceived as a means of collective betterment, and an incentive to improve and progress by conscious and personal sacrifice in activities supporting everything that furthers the good of the community.

With this show your Rotarians prove that it is possible, through private initiative and effort, to find ways and build bridges that bring men closer to one another and lead to friendships. In a world still filled with suspicion and mistrust, the effort for personal friendship has a crucial significance.

A hearty THANK YOU must be extended to our exhibitors, The Saratoga Rotarians and their wives. Together, they have created this community service.

ENJOY THE SHOW!

Dr. Robert F. Lesniak
1980-81 President
Saratoga Springs Rotary Club

Where You Buy Your Stove Is Just As Important As The Stove You Buy

To many people, buying a wood stove may seem to be a simple question of the price of the stove or the location of the dealer, but it is really not that simple. Because a wood stove is not just a piece of hardware like a hammer or a power saw, your selection of a dealer is of the utmost importance.

Selecting a stove is not easy, there are so many makes and models to choose from, that unless you have a good idea about which stove you want, you are probably going to get confused.

The dealer you choose should be able to help you determine the right stove to buy. Along with the stove he should also help you determine what type of chimney system and installation method will best suit your existing home. These decisions are vital to the proper SAFE and efficient operation of your stove. The dealer you choose should also be able to compliment your installation with a complete inventory of accessories.

If you have selected a knowledgeable dealer, he should be able to and willing to assist you well beyond the point of sale. Besides offering a complete range of services, they should be able to answer all your questions and help solve your problems directly and honestly. If not, then you should seriously re-consider doing business with him.

We have been selling wood burning stoves since 1977. In 1978-79 we met your demands with add-on hot air systems. In 1980 coal crept into the marketplace, so we met your calls again. In 1981 your cries are for add-on boilers, so we're expanding again both in equipment selection and knowledgeable personnel. Since 1977 we have over 3000 solid fuel appliances burning in the field, our showroom boasts over 50 models to meet your wants and needs and our warehouse stock assures you get what you want, when you want it. We deliver on our own truck with experienced people to answer last minute questions and make suggestions. Our selection of accessories from floor boards to chimney caps is equaled by no one. In the event of a problem we can repair and recondition in our own shop, we also do warranty work for several manufacturers. Last of all we are there when you need us, 7 days a week.

Diamond Investment Made Easy! Replace Worry with Profits.

Our firm has sold diamonds to interested investors for amounts of under \$500 at an individual purchase. It is possible to plan your "DIAMOND ESTATE" so that specific sums are placed in smaller or larger stones, depending on the desired mix and portfolio each investor plans to create. . . . Down turns or plunges in the diamond market are virtually unheard of. . . .

- **DIAMOND BANKING** - The common reference to diamond asset investment as a bank like plan.
- **DIAMOND PASSBOOK**, a complete inventory system of the diamond purchases you have in your possession.
- **EXCELLENT** hedge against inflation.
- **TAX ADVANTAGE**, capital gains, not ordinary income.
- **ANONYMITY** of ownership.
- **CONSERVATIVE INVESTMENT** - high appreciation.
