Love Fore Community

Resiliency is at the heart of what it means to be a Rotarian, and in our 105 years since our inception as the **Rotary Club of York**, we have demonstrated resiliency, strength and determination in our support of our community and in our fellowship with one another. Our core values are the tenet of our character and even in the face of challenging times, we rise to the call to deliver our best on behalf of others.

Our signature event, **Love Fore Community**, is an excellent example of Rotary demonstrating its best when Rotarians and friends come together for a day of friendly competition playing golf, tennis, croquet, and corn hole. On **September 13th** Rotarians will gather to raise much needed dollars for several organizations which provide critically important services to our community.

***YWCA Racial Justice Initiative** is committed to ensuring that everyone is afforded equal protection under the law, and advocate against the oppression that many groups and individuals endure, in an effort to eliminate racism and to promote equity and human decency.*

***Sparrow Place** provides a safe residence and restorative care to women who are survivors of human trafficking. In addition, they offer awareness and education to families, schools, churches and community organizations.*

***Pedal for Peace USA** is a grass roots organization that started in York. It is comprised of a diverse group of riders that believe that through biking and bike-oriented activities we can break down the barriers of urban relations and help combat violence in urban communities.*

***York City Little League** is a program that serves youth in the city of York providing an outlet of healthy activity, building their baseball skills and friendships.*

***Child Care Consultants** helps to bridge the gap for working families in need of affordable, quality childcare by providing scholarships to children who need it most, ensuring they enter school ready to succeed.*

Rotarians exemplify Service Above Self in our steadfast commitment to improving the lives of others and shining a light on opportunities that benefit our community. This year's theme, **Serve to Change Lives** emphasizes our core values of service, fellowship, diversity, integrity and leadership. RI President, Shekhar Mehta has stated that caring for and serving others is the best way to live because it changes not only other people's lives, but also our own.

I look forward to our building on the success of this signature event and thank you in advance for all you do in championing the Rotary Club of York and the unshakable community we have the privilege of serving!
