A message from President Greg Kern

As I near the end of my year as President, I look forward to the days when I don't have to worry about the various things that a President typically has to deal with. Having said that, I am not one to just walk away and leave anything unfinished. Even though the end of a Rotary Year may not be as significant to you, I want you to feel the same. As a club, we have a number of items that we should really focus on through this last month.

Lew Elicker was kind enough to remind us that we should be making our EREY (Every Rotarian Every Year) contributions to the Rotary Foundation. Typically, we ask that each Rotarian give \$100.00 to the annual fund. You do not have to give \$100.00, if you can give \$20, \$10, \$5 that is fine. Any contribution will keep you moving toward your Paul Harris Fellow. Our club has many Paul Harris and multiple Paul Harris Fellows and we will be recognizing those that have achieved this status on June 6th. Please consider making a contribution to the Foundation prior to the June 30.

Our golf outing is driving them straight and long! Even though we have raised more money this year than any other year, don't think that is enough. We talk about how this money goes to our charity (this year it is Make-A-Wish) but the money raised is also used by our club. There are local projects as well as international projects that get funded from the money we raise from our golf outing. Matching money that is given to you when you make a contribution to the Foundation comes from our outing, money that is given to the student that we select as a scholarship recipient comes from our outing, money that is used to sponsor students that attend RYLA comes from our outing. There are other projects and events that we can participate in if we were able to raise even more. So even though we are 3 weeks away from our outing and we have

set a new record, don't stop! More money from this event allows our club to do more.

I have enjoyed working with you and serving as President of our club. You should be proud of the many accomplishments we have made throughout this year. Keep it up!

Greg
