

## Your Scholar's Correspondence

1st Semester 2022

**Name: Thon Thida**

**Major: Lawyer**

**Year I: Semester One**

Dear Allentown Rotary Club Foundation,

Greetings to you from **Ratha**, SC Scholarship Coordinator. On behalf of our scholars and everyone with Sustainable Cambodia, we are so grateful for your wonderful support. Please enjoy reading your scholar's correspondence.

*Here are the names of all the courses I studied in my 1<sup>st</sup> Semester:*

1. English
2. Introduction to Business
3. Public Admin
4. Introduction to Computer
5. Constitution Law

*Would you like to know about **my favorite subject** this semester and something important in this subject for my future plans?*

**Thida:** My favorite subject in this semester is Public Admin and Constitution Law.

These subject are very important for me in the future because it studies the laws and custom of nation and understand about the history of law enforcement in each country. I want to be a lawyer in the future because I love honestly and integrity to develop my country and eradicate corruption.

*Now that I am a university student, these are special skills and abilities that I am **discovering** that I have:*

**Thida:** First, English language since I'm a student in university my English is better than before.

The second is teamwork, I like to have a good relationship with my classmates and when the teacher gives me assignment I researched and I share with my team sometimes I'm the leader of team .

*I would like to describe **one specific experience** to help you know more about my life now in University.*

**Thida:** I left from my parents to go to continue study at university. At first it was a bit difficult for me to go to school because I was not familiar with the way to go to school and traffic at the city are vey busy and the daily foods supply. And now I have a part time job in one company. I work just to save money to buy some study materials and daily meals.

*I would like to tell you about an **unexpected happy experience** that I had in my 1<sup>st</sup> semester.*

**Thida:** I go to school and meeting my friends and do assignment together. I don't expect that I have good new friends who are always help me to do the assignments, explain the lessons when I am missed the class or was late at school. They keep me as their family. Those an unexpected happy experience I met in first semester.

Here is **one main challenge** that I met in this semester and how I am solving it:

**Thida:** I had a quiz every months and then I had a midterm of semester and final exam of semester. It was a bit difficult but I can do it. I review the lesson every day and I am happy to have good habit of review the lessons.

*Would you like to know activities that I enjoy doing to improve my knowledge in my free time?*

**Thida:** In my free time I like to listening English songs because it improves my English. I like reading books and review the lessons all the times!

***My special thanks to you, my sponsor.***

***Thank you so much my beloved sponsor for always supporting me till now. I will be a good person in my society. I wish you success with your business and enjoy your time with family.***
