## Walter's Dream Has Become A Reality

The BAVTS Bridges Foundation became a successful 501(c)(3) non-profit corporation through the vision and determination of key community members. These individuals believed that students in career and technical education should be afforded proactive recognition and a segway to outstanding career opportunities.

Mr. Walter J. Dealtrey, Sr. was the catalyst to make the Foundation a reality. He served as the chairperson of the Feasibility Study and Endowment Committee, first president of the organization, and overall "champion" in the organization meeting its original Endowment Goal of \$500,000 within three years. In Walter's unique style, he stated this is only a start. Through his effort and others and since its inception in 1999, the BAVTS Bridges Foundation awards through 2017 total over \$637,000 in scholarships to BAVTS seniors to pursue postsecondary education and/or to purchase tools in their chosen profession. Last year \$50,000 was awarded to 18 BAVTS seniors. Walter's dream continues to support current and future deserving students of BAVTS.

### Goal

To provide deserving students of Bethlehem Area Vocational-Technical School the ability and financial support to fulfill career aspirations.

## Tournament Planning Committee
