

# EMMAUS ROTARY

Since 1926

## Service Above Self

### What is Rotary?

Rotary is a global network of community volunteers. Rotary club members meet regularly to plan and implement community service activities and network with other professionals. Members also choose to become involved in international humanitarian service efforts. More than 1.2 million men and women in over 200 Countries and geographical areas belong to approximately 34,000 Rotary Clubs.

### Benefits of Membership

Belonging to a Rotary club provides members with an opportunity to make a contribution to their own communities and to communities around the world. Members may join Rotary for many reasons, including community involvement, personal development, professional networking, and camaraderie with fellow members. But perhaps the most important benefit is the satisfaction gained from making a real difference in the world.
