Some vocational and personal background details that will enhance your activities as a Rotarian: _____

Proposed Classification * _____

*Virtually all membership in Rotary is based upon a "classification". Basically, a classification describes the distinct and recognized business or professional service that the Rotarian renders to society. It should be clearly understood that classifications are determined by activities or services to society rather than by the position held by a particular individual. In other words, if a person is the president of a bank, he or she is not classified as "bank president" but under the classification "banking." The classification principle is a necessary concept in assuring that each Rotary club represents a cross section of the business and professional service of the community

Are you willing to participate on a committee?*** Yes No

If YES, which committee(s) would you prefer to join?
