

Rappahannock Fredericksburg Rotary Club Contribution Focus Areas

In order to qualify for support, requests must fit within one of the following focus areas.

Promoting peace

We support programs and projects that foster understanding within and across cultures.

Fighting disease

We improve and expand access to low-cost and free health care, as well as supporting programs and projects that promote good health in our community.

Providing clean water, sanitation, and hygiene

We support local solutions that sustain and improve a healthy natural environment.

Saving mothers and children

We support programs and projects that address the needs of children and improve the well-being of families.

Supporting education

Our goal is to strengthen the capacity of communities to support basic education, reduce gender disparity, and increase adult literacy.

Growing local economies

We support activities that enhance economic and community development, including the quality of life, as well as programs and projects that create opportunities for decent and productive work.
