Hunger is on the rise — 1 in 7 Mainers go hungry daily (1 in 5 children). In its first three seasons Veggies to Table donated 31,000+ pounds of farm-fresh produce to combat local food insecurity, and gifted over 2,000 flower bouquets (over 38,000 stems) to spread joy. With YOUR help they can do more. All funds raised will go towards running the farm and creating new efficiencies including a greenhouse, toolshed, washing station, and on-farm lodging — all of which will help us provide even more top-quality nutritious food to those in need.
