Doing good. Very good!

THE MAGIC
OF ROTARY

June 4, 2025 – In-person and zoom.

President Harry called the meeting to order and welcomed all to the Rotary of Dover, NH.

Thanks to all who brought food to supplement our delicious Roger's Pizza!

Check Presentation: We began our meeting with a check presentation to Lisa Z. of Goodwin Community Health in support of their 16th Annual Father's Day 5K race. These funds will underwrite race expenses.

Warm Hands Project:

Jim M. recapped some of the good work our club has done over the past few years to support the unhoused in our community. He introduced a potential new way that we can support this group while also having an opportunity for fellowship.

Abby Lamothe is a Dover native (now in Greenland) who has created a cottage industry making mittens, gloves, hats, scarves and more for the sole purpose of keeping people warm. Abby gathers supplies and distributes them in kits to individuals and groups to make them into mittens. Jim showed us a completed pair of mittens. Abby distributes finished goods through several partner agencies throughout the Seacoast.

Jim asked the club if there would be any interest in meeting on a Saturday morning and working together to make mittens. This could be done as a one-off event or more regularly if we enjoy it. There was a lot of interest in the room and Jim will find a date for Abby to meet and get us started/trained.

Vocational Training & Tools Program:

Jim M. shared that he, Cindy I. and Nick P. attended an event at the Technical Training center in Dover High School and awarded certificates of \$250 each to eight seniors who have accepted jobs in the trades upon graduation. These funds are intended to help defray the cost of the required equipment and clothing needed in their new professions. Jim also shared that while there, they were approached by a student, Abby Baker, seeking support to advance her training to become a licensed esthetician. The committee elected to support her request, and she will receive \$2,500 toward her tuition. Finally, Jim
