Program: Bill Ferguson, Global Warming & Climate Change - the Real Skinny and What to Do About It"

Bill Ferguson of Ferguson Energy Management, father of 2 children and 4 grandchildren, talked about the "5 Words" about Global Warming

It's real.
It's us.
It's bad.
Scientists agree.
There's hope!

He asked the group, "How many people are alarmed by climate change?" We had 12 people raise their hands. It is a topic that is alarming to many.

What is Rotary International doing about Climate Change? They have added a 7th Avenue of Focus - The Environment - and are working with clubs all over the world to address the change and work to protect the environment.

BOD Approval of Polio Plus Project:

At the last BOD meeting, the board voted to bring to the club the opportunity to donate proceeds from Oct. 27th night's Bingo toward the District 7780 Polio Plus Project Initiative. Since the amount may be over \$5,000, the BOD asked for a vote from the membership. Gregg D. motioned and Jonathan 2nd the motion. All approved.

Food Drive:

Thank you to those on the committee for helping to coordinate this upcoming Food Drive to take place on **Sat., Oct. 15, 10 am-12pm** at the back parking lot of Tuckers at the Weeks Crossing. The food drive will include students and others from Mike Romps' Camp, Dover Football, Dover Baseball, BINGO, and Interact. Bags are being distributed on **Oct. 8** with "grocery lists" of what is needed at the local food pantries and will be collected on the 15th and brought to Tuckers. Grab your bag and shop for those in need in our community. The goal is to gather at least 2000lbs. Look for the GATHER truck!
