Cochecho Country Club - Hole #2

For the past 97 years, the **Rotary Club of Dover, NH**, has partnered with community agencies, the City of Dover, and amazing volunteers to make a difference in our community. Charitable donations in time and money by local Rotarians created the Rotary Garden at Henry Law Park, contributed to the construction of the Rotary Arts Pavilion, the Dover Adventure Playground, and the Dover Children’s Library renovation. The Rotary Club of Dover focuses on literacy, improving the lives of children and families and, most recently, Rotary stepped up to provide warm clothes for the homeless and food for the hungry in our community.

**Foursome \$700**

**Individual \$175**

**Cochecho Country Club** is a course where shorter hitting golfers can be just as skillful as their longer hitting counterparts and where strategy requires a golfer to put varying values on successive shots. The beauty of this strategic design is twofold; the bogey golfer can enjoy his round just as much as the scratch golfer and the course is forever enjoyable for golfers of all

abilities.
