

From the desk of District Governor Orrin Mahoney

March 2018

5170 lost a key past member of the District with the passing of Fred Bowe. Fred was a past president of the Oakland Uptown (formerly Sunrise) Club, and Lt. Governor for the District in 2002/03. In addition, he held many district offices, including chair of the Avenues of Service event, various District Conference responsibilities, Club Service Chair, among many other positions. As usual, the loss of a loved Rotarian causes us all to put things in perspective and remind us of the importance of friends and family in our busy lives.

The other end of the life spectrum is the District's partnership with a group of young

college students. It started when Maggie Padovani, a member of the District Conference planning team, was meeting with the Community Relations Director at Cogswell College in San Jose. The college specializes in computer art and animation, and Maggie was impressed with the creative approaches she saw in the student's work. Needing a promotional video for the District Conference, we explored whether the students could help us out with this effort. It turned out that the college took on the creation of the video as a class project with no charge to the District. After the students learned about Rotary in general and the District Conference in particular, they created a fun and innovative video based on our theme of Celebrate the Past and Create the Future. To see the final video go to the District Conference website at <http://dc.rotarydistrict5170.org/> and while you are there register for the Conference. You should have already received a Save the Date card in the mail.

Of course, there are several other opportunities to meet other Rotarians and learn more about Rotary. The first one is the District Training Assembly highlighted here. Registration information can be found on the next page.

Back to the District basics, we are making excellent progress in membership and the Rotary Foundation. We are on track to finish the year with over \$1 million for the Rotary Foundation, but need a final push from everyone to get their last minute pledges in. This total includes our Polio Flash campaign that started on March 1<sup>st</sup>.

As for membership, have you used the six magic words "Have you ever thought about Rotary" to friends or business colleagues so far this year? There is still time to invite them to your club to share the power of Rotary and to continue to build lifelong friendships.

Best,

For Interact 5170's Intermunity Project, The Right to Thrive, Interactors across our district have raised \$56,886.94 and 38,518.95 hours for our international/community cause. From January 21st through January 27th, Interactors participated in an awareness week called, Week of Colors. Week of Colors incorporated the Intermunity Project and the

District Theme, "Paint Your Colors". It was created to inspire Interactors to stand up for their identities and communities they stand by to start a chain reaction of inspiration and motivation into the new year.

Interactors who attended the Presidents Winter Retreat participated in a District-Wide Service event relating to the project. Interactors made self portraits that were sent in, and for each portrait sent in, an amount of money was donated to promoting peace and giving children an education.

Area Directors have started hosting benefit shows and charity dinners to raise funds for our project. At these shows and dinners, Interactors presented the project to the audience and explained exactly what funds are being raised for.

Exciting news from a few Clubs in our District –

The Rotary Club of Campbell is in the process of establishing a Campbell Rotary Community Corps: The Corps Bylaws are complete and recruitment is underway. A Launch

Event will be scheduled in June of this year.

The Rotary Club of Saratoga is exploring membership flexibility opportunities such as Family Membership. Its Membership Team is working with Club leaders to establish criteria for flexibility in membership types.

A potential new Club is in the making: A Club that serves Asian American Families with Children in building healthy Relationship between Young Adults and Parents, and in providing Leadership and Life Skills Development for Children, especially for new immigrant families.

Does your Club have a story to share in membership growth? Is your Club brainstorming strategies in strengthening your Club membership? The District Membership Team is standing by to provide support and resources at your request.

Here is a message from Rotary International President 2017-18 Ian Riseley on Membership:

Did you know that only five percent of Rotary's

members are under the age of 40? It's an alarming statistic, and one that should prompt all of us to take action. [Engaging Younger Professionals](#), a new online toolkit, helps clubs understand this important demographic and rethink membership, from a broad perspective down to a tactical level. It's a great starting point for clubs that want to broaden their membership but don't know where to start.

Telling Rotary's story is an essential part of bringing in the new members Rotary needs to thrive. Our new People of Action video, "What We See," and more information on the People of Action campaign, are now available to download from the Rotary Brand Center. Contact [PR@rotary.org](mailto:PR@rotary.org) if you have any questions.
