NOTABLE DEPLOYMENTS

A large military transport aircraft, likely a C-17 Globemaster III, is shown from a low angle with its cargo door open. The interior of the cargo bay is filled with thousands of green plastic water jugs, stacked in neat rows. Several personnel are visible inside the aircraft, some standing on the jugs and others on the floor. A red ladder is extended from the top of the cargo bay down to the jugs. Outside the aircraft, a large number of personnel are gathered around the base of the cargo door, some standing and others working. In the background, a residential building with a red-tiled roof is visible. The overall scene depicts a large-scale humanitarian relief operation.

NOTABLE DEPLOYMENTS

An aerial photograph showing a vast field of white, dome-shaped tents arranged in neat rows. The camp is situated in a dry, open area with some scattered trees and a few buildings in the background. A blue truck is visible on the left side of the camp. The overall scene depicts a large-scale humanitarian deployment.

Current Activity

“The partnership between Rotary and ShelterBox provides a place of refuge for vulnerable people to stay as healthy as possible.

When it comes to fighting a pandemic, the most vulnerable need our protection – or everyone is at risk. As emergency shelter experts, ShelterBox has a vitally important part to play in the global response to Covid-19.”

*-John Hewko, General Secretary,
Rotary International*
