#### Featured Speaker:

Introduction: **Kim Huggett**, who did a fine job!

Speaker: Jay Tontz with 'Will the Expansion Continue?'

John Maynard Keynes (1936) was quoted on his policies. Our Government is not very good at spending money. Unemployment dropped in the USA & CA. We are lucky to live in this area, as opposed to other parts of this country. Corporate profits have really increased. CA is the 8<sup>th</sup> Economic Power of the World. France is 5, England is 6. We might pass them soon, because Europe has a slow economy. China will grow at 7%, which is higher than the USA. SO, there will be Expansion.

#### Closing Remarks:

Thanks to Visiting Rotarians and Guests

Thanks to Greeters: **Sam Falk** and **Dr. Carla Walter**

Thanks to Featured Speaker: Dr. Jay Tontz
