

2016-2017 AREA 6 COMMUNITY WORK DAY AT SAN BENITO COUNTY HISTORICAL PARK

This year's **Area 6 Improvement Project** will take place at the **San Benito County Historical and Recreation Park** and will consist of constructing a new BBQ area and relocate an existing building for a serving area adjacent to Dunneville Dance Hall. The Project will have several work project days prior to actual Project Work Day. Project components include the following:

- Provide Concrete Foundation for Project Area.
- Relocate existing 6' x 10' building approximately 200' from existing location to proposed location.
- Install new service window in relocated building.
- Install Support Beams, install headers for new metal roof.
- Install Metal Roof.
- Install and Provide power supply to relocated building and Dance Hall.
- Provide and Install Masonry walls for BBQ Pit and gas line for heating unit.
- Paint or stain serving building, roof frame, and/or another historical building.
