## Trap-Neuter-Return Feral Cat Over Population

### DID YOU KNOW?

Each day over 70,000 puppies and kittens are born in the US, and because of overpopulation, more than 3.7 millions animals are still being euthanized each year in shelters across the country. You can help.

#### Unspayed/Unneutered Cats & Kittens:

This chart represents one unspayed female, her mate and all of her offspring, producing 2 litters per year, with 2.8 surviving kittens per litter:

© 2011 North Shore Animal League America

By spaying and neutering just one male and one female cat, more than 2,000 unwanted births can be prevented in just four years – and more than 2 million in 8 years!

**Prevent A Litter - Spay and Neuter Your Pets.**
