ROTARY MINUTE

John McCarty gave the Rotary Minute. His topic was a heads up that November is Rotary Foundation Month. Our members support the Foundation by donating \$100 each quarter with our dues. The six areas of focus for the Founda-

tion are 1) Peace and conflict prevention/resolution, 2) Disease prevention and treatment, 3) Water and sanitation, 4) Maternal and child health, 5) Basic education and literacy, and 6) Economic and community development. There will be additional material presented during the month of November.

BUSINESS MINUTE

Kevin Mackessy spoke on his real estate business, Blue Olive Properties. It is a full-service real estate and property management firm. He offers a unique end-to-end experience for clients. Kevin has taught investing seminars and

classes to over 1500 people in the last 15 years. He has helped create over a dozen millionaire real estate investors.

He helps clients navigate through and complete sometimes complex real estate transactions. In May 2017, Kevin closed a seven transaction chain of 1031 exchanges involving three investors all in one six hour marathon of closings.

He provides expert tenant placement and full-service property management. His firm actively manages tenant relationships to help protect valuable assets.

When it comes time to sell, he tap his extensive network of investors, often selling properties with leases in place

He is always looking for new connections and new business partners.

SPEAKER

Dr. Marny Eulberg was our guest speaker. Her topic was the Rotary Polio Plus program. She is the District 5450 chairperson for the Polio Plus Committee.

Marny passed out bottles of purple finger nail polish.

This is what is used in developing countries to indicate a child has been immunized against polio. She challenged members of our club to color their pinky finger nail with the polish.

Year to date there have been 20 cases of wild polio world wide. Sixteen of the cases are in Afghanistan and 4 in Pakistan. It is felt we will exceed the 22 cases in 2017. There have been 64 cases of circulating vaccine derived polio virus (cVDPV) this year. These are cases derived from oral polio virus. To help combat the polio virus, environmental sampling is done in Afghanistan and Pakistan. There are between 1 and 10 positive environmental samples each week. Polio is spread by fecal-oral relationship.

Marny and her sister came down with polio in 1950. Marny was hospitalized for 6 months and left the hospital with long leg braces and crutches. She had 7 orthopedic operations to correct the effects of the polio. Eventually she was able to get rid of the crutches and braces. However, in 1985 she came down with post polio syndrome and is back to wearing braces.

She feels very fortunate to have grown up with polio in the United States. Here there is no discrimination for people with handicaps. She is concerned because this is not true in developing countries.

At the Rotary convention in Atlanta, Rotary committed to raising \$50 million per year to combat polio. The Bill and Melinda Gates Foundation to match the \$50 million two to one. This matching goes on for two more years.

On Jan 23, 2011, Don Shattuck and Bob Heisermann for District 5450 lit up the Denver City and County Building to bring awareness to end polio.

THIS DAY IN HISTORY

1925 Johnny Carson is born

John William Carson, who will become known to most of America as the longtime host of the popular late-night TV program The Tonight Show Starring Johnny Carson, is born in Corning, Iowa. As host of the highly rated Tonight Show, which aired on NBC from 1962 to 1992, Carson became a bona fide American institution and entertainment icon.

Carson grew up in Norfolk, Nebraska, served in the U.S. Navy and attended the University of Nebraska.

Greetings Fellow Rotarians!

With the Club's annual holiday party fast approaching, the Planning Committee is exploring ways to make this event more engaging, profitable and visible. We need your assistance to make this happen and have three easy requests for each member of the Club:

1. Wine Wall: this year where for a certain dollar amount each purchaser gets to select a mystery bottle of wine from the wall. Can we count on you to donate a bottle of your favorite wine for this undertaking? The wine will be collected at each Club meeting between now and the week of the party on 12/7.

Yes, I will donate a bottle of wine for the Wine Wall. _____

2. Gift Baskets for Travel Gifts: we will be grouping all travel gifts (minus the wine) into gift baskets that will be auctioned off as a complete package. To accomplish this, we will need baskets of varying sizes to be collected at each Club meeting until the event.

Yes, I will provide gently used baskets of varying shapes/sizes for the use of the committee to package auction items. _____

3. Auction items: we would like to have each member of the Club identify and solicit at least one individual or business that you would be comfortable approaching for either a silent or live auction item. A donation request letter is being developed for this purpose and will be available shortly.

Yes, I will identify and actively solicit one individual or business for either a silent or live auction item. _____

Name of Individual/Company: _____

On behalf of our Club President, the Holiday Planning Committee and the entire Rotary Club of Centennial, we truly appreciate your efforts on behalf of the Club and the communities we serve!
