

President's Column:

January 21, 2020

Hello Denver Mile High Rotarians...

Starting at this week's meeting, and for several other weeks following, we are going to have 5 minute introductions to community service projects we have going with various members - local and worldwide. This week we will get to hear from Linda Sue about the project in Nepal she is working on and opportunities to become involved.

There are two events I'm excited to be attending this week and hope you can make one of them also. Tonight is America's Forests with Chuck Leavell at the Denver Museum of Nature and Science, and tomorrow is the Craig Hospital Dinner. Let's show up and represent Denver Mile High Rotary event. And on that note...

Our membership in recent years has been struggling to stay even. And it's been getting harder and harder to keep the ones we fight to turn to members. And as mentioned in previous posts, we really need to be recruiting all the time. However, I hate to be told I need to "recruit" or "sell" or whatever. I hate that kind of pressure or expectation. What works for me is I don't recruit! I just be friends with people and get to know them and find out what drives them and what they love about life. And I'll bet if it is a person I like because if their answers, they have similar values as me for giving back and being involved and helping. And they're typically not involved in something as great and as helpful to our world as Rotary!

Because of the holidays, I'd gotten a little lazy in my own recruiting efforts, but I intend to make new friends as mentioned previously. You really can't go anywhere and not meet good people, right? Do you think you'll be able to interact with high quality, good people at America's Forests with Chuck Leavell? You better believe it. Heck... I'm willing to bet the type of people at that event are just like us and if they knew what we know, would want to join us on this journey in Rotary - because what we're doing is GOOD!

I encourage anybody going tonight (or anywhere) to intentionally interact with somebody outside of our Rotary Club and get to genuinely know them. And if it feels right, ask them what they know anything about Rotary. Then just listen :-)

Peace. Respect. Gratitude.

Scott
