

President's Column:

March 3, 2020

Hello DMH Rotarians...

Welcome to March - the month that has always signified the end of winter for me. Also for me, it's a reminder that I don't have a lot of time left in the role as your leader. So let's get moving!

We had such good attendance at our speaker last week and it just proves to me that if we want to promote something that we are excited about, we can. There is no end to people who want to be involved and who want to learn, as evidenced by last week. I just think we need to have a little bit of a more sustained effort. What if we did that for all of our speakers who have great topics?

If you've ever been motivated to do something, let it be in selling tickets to the Mile High Spring Swing! We have just over a month until our event, and while it would be fun to eat, drink and dance with the great folks of Denver Mile High Rotary, our intention with this event, originally, was to involve our community also. So please see if your friends, co-workers, neighbors, etc. would care to join!

Brad Thompson and Steve Blazek went to PETS (President Elect Training Seminar) this last weekend and Brad emailed me fired up about his term and how he's ready to get going to learn stuff and getting ready for the transition. And that fires me up because that kind of energy is contagious! I'm excited for Brad to continue to move things forward and then for Steve Blazek to take it from there. What a great lineup we have for the next couple of years!

Have a great week and I hope to see you at the meeting!

Scott

## Denver Mile High Rotary Upcoming Programs

**March 4, 2020** - Rick from OZ Architecture - Designing the McMurro Station in Antarctica

**March 11th** - Kent Drotar– Wildlife Animal Sanctuary

**March 18th** - Joel Barber - Denver Mile High Rotary sponsored a District Grant for a water survey in Zimbabwe that was approved early in January. This grant was to fund the travel expenses of Joel Barber, an employee of LRE Water who volunteered to complete the survey. Our connection with LRE Water is the best: Carolyn Nobel is the Director of Operations for the organization. It was Carolyn who arranged for Joel, a hydrogeologist with an MS in hydrogeology from the Colorado School of Mines, to travel to Zimbabwe to complete a hydrogeological survey in a suburb of Harare. This survey was necessary to get approval for a \$100,000 Rotary Global Grant to repair and upgrade their water system.

**March 25th - Greg Thielen** - The beginning of the Beatles and all they had to go through before they became famous Dave has been a big fan of The Beatles since 1963. A self-developed expert on The Fab Four, he has traveled to Liverpool, Hamburg, and Abby Road in London. While many people know about The Beatles after their arrival in the United States, few of us know their formative years. Dave will help us uncover the story of how the band was formed, evolved, and became the rock and roll sensation that many of us first heard on KIMN radio on December 26, 1963.

Whether you are an “old school” Beatles fan or a young person who has only heard their music on the oldies radio stations, you will thoroughly enjoy this fun and interesting look back at one of rock and rolls greatest bands.

While visiting Geoff in Florida, Annely Noble attended a meeting of the Keystone Heights Rotary Club. Annely exchanged banners with Club President Betsey Condon. The Keystone Heights Rotary Club is an active and friendly club of 21 members in north central Florida.

## **JOIN THE ROTARY HALF-DAY RAFTING TRIPS WITH MILE HI RAFTING ON SATURDAY, JUNE 27<sup>TH</sup>**

**A \$5 DONATION IS INCLUDED IN THE COST OF EACH TRIP.**

**ALL PROCEEDS GO TO SUPPORT THE WARRIORS ON CATARACT PROGRAM**

### **SURE-SHOT - \$54 ADULTS, \$47 CHILD (13 AND UNDER)**

Rafting on Clear Creek River's mountain water is an experience that's fun for the whole family. Get ready for some fun on our exciting 'Sure Shot' beginner-rafting trip. Begin with passing by the historic Charlie Taylor Water Wheel experiencing Class II rapids (ripples). While rafting through Historic Idaho Springs the Class III rapids of Castle Falls and Argo Holes test your newly developed rafting skills. Below town history and nature abound, with the occasional sighting of Retail Hawk, Deer, Fox, Bob Cat, Lynx, Elk, and Big Horn Sheep. Dizzy Lizzy, Power Line, Mountain Lion, and Box prepare us for the grand finale of Mr. Twister! The perfect beginner - starting with Class II water so you can practice, and then the Class III rapids. There is a 50 pound minimum for rafting to insure proper fit of the life jacket. Allow 3 hours for the trip.

### **BLAST (INTERMEDIATE HALF DAY) - \$64 ADULTS**

Perhaps you've already been there and done that and are looking for something more. Most folks who paddle the Blast weren't expecting some of Colorado's most consistent whitewater, and come back for more! With five solid class IV rapids and more class three whitewater than we have space to mention, the Blast is waiting for those with good physical conditioning and an attitude for adventure. If you are active in your daily life the 'Blast' is the trip for you. Allow 3 hours for the trip. Minimum age 14.

### **KAMIKAZE (ADVANCED HALF DAY) - \$84 ADULTS**

One of our former guests refers to this trip as "the best darn whitewater around!", and after braving the rapids of the Kamikaze trip you'll understand why. Add another two miles of continuous (and we aren't kidding!) class IV/III whitewater onto the Blast and you have an adventure that will bring you back over and over. If you're on your toes you might have time to enjoy the scenery of the Front Range before you dive into your next rapid. Previous experience and the ability to swim is highly recommended. Allow 3 hours for the trip. Minimum age 14.
