President's Column

Dear Rotary Colleagues,

8 April 2024

Upcoming

Our Apr 10th meeting will host George Sparks, CEO of Denver Museum of Nature and Science, at the U Club). On Friday the 12th, consider honoring the lives of Chuck and Char Rudolph by attending their memorial service at Montview Presbyterian, 11 AM. Reception to follow at Denver Botanic Gardens.

In Retrospect

Club members received an enlightening presentation and tour at the downtown Masonic Lodge #5. This complex organization (with many sub-permutations) provides substantial support for educational scholarships and health related research and treatment. Their leadership expressed interest in collaboration efforts with other civic organizations. http://www.denver5.org/

Appreciations

(if you are aware of a DMHR service activity flying under the radar, please let Marty know as we continue to highlight our community involvement)

Shout out to Eileen, Debra, and Dr Pat presenting BrainWise (a critical thinking program supported by DMHR volunteers) to about 45 Cherry Creek parents (representing 30 hours of prep and presentation time).

Recognition to Tom C and crew helping with finishing details at the newest Safe Outdoor Space (SOS) as part of CVC on S Santa Fe. This space provides housing for 50 individuals experiencing homelessness as part of the City of Denver's master plan to provide appropriate housing.

One of Us?

See if you can guess this week's phenomenon. Answer at bottom of next page. This infrequent visitor has several followers nationally. The culmination of a complex process, akin to a three-ring circus, the timing must be precise for any appearance to come off as billed. Those who have met this guest claim it was a once in a lifetime experience. In terms of service to humanity, all aspects of this character are essential for our wellbeing and belong to an exclusive club aptly named 'Old Rotators.' Who/what am I?

CORRECTION - The DMHR wine tasting event is on Sunday, APRIL 14th. Have you registered? Click here to go directly to the registration.

**A word from your editor**

Dear fellow Rotarians,

I'm off to visit my college roommate of 50 years ago, and to spend time with my brother and sister-in-law; there-after, I'll be in Florida with Geoff until May 1st when we fly home to Colorado. I'll miss the next four Rotary meetings but I'll miss my fellow Rotarians more! Travel is eclipsing my Rotary life!

See you Saturday, May 4th at the [DANCE PARTY!](#)

### [Colorado Gives](#)

Marty Waters has registered Denver Mile High Rotary with Colorado Gives. It could not be easier to donate through this site to give to our DMHR Foundation. You can make a one time donation or a recurring commitment. Additionally, Colorado Gives provides an option for the donor to cover the very small processing fee so that our foundation benefits from the donor's entire contribution.

To give one time or to set up a recurring donation, [please click here](#). Thank you in advance!

Our foundation treasurer, Noreen Keleshian, did an extensive comparison of giving platforms (including PayPal) and found Colorado Gives to be the most cost effective way to donate to Denver Mile High.

**When Japanese mountaineer Junko Tabei triumphantly reached Mount Everest's summit in 1975, it wasn't just her first time doing so - it was the first time any woman had made it to the top of the world's highest peak above sea level.**

Tabei's accomplishment inspired other adventurers to follow in her footsteps, and four decades later, around 800 women have successfully ascended the mountain. As [Women's History Month](#) nears its end, we're sharing Tabei's story and those of many more trailblazing women **who shattered glass ceilings in various fields, from race car driving to physics.** [Click here](#) to see 21 trailblazing Women who made history!

Rotary provides opportunities that we otherwise might not have, such as our recent trip to the Welton Masonic Temple.

Brene Brown is kicking off a new podcast series -- an interview with acclaimed psychotherapist Esther Perel. The topic for this first series is "Living Beyond Human Scale: The Possibilities, the Costs, and the Role of Community."

This series will be unique in that it crosses over between Unlocking Us and Dare to Lead, with discussions ranging from mental health and social media to readying a workforce (and a bunch of anxious humans) for AI.

You can now listen to the new podcasts and her entire library anywhere you listen to podcasts.
