"Service Above Self"

Denver Mile High Rotary where commitment and service rise above the mountain tops

President's Column:

October 27, 2015

The last week of October and we are dark at the U-Club. For those who are pre-registered we will meet at the Federal Reserve Bank on Wednesday evening for the Area Assembly. As always Friday brings the Food for Thought program at Harrington Elementary. Please sign up to volunteer for any of the upcoming weeks.

The following week we will be having a World Community Service meeting on November 3rd. The WCS Committee has projects underway in Nicaragua, Nepal and Zimbabwe. New projects are always open for discussion. Volunteers are needed to assist with grant applications, fund raising and project administration.

For those desiring to get hands on exposure to our overseas projects we will be organizing trips to Nepal and Nicaragua during 2016. Please see Chuck Rudolph to get involved.

We will be joined at our regular breakfast meeting on November 4th by District Governor Mary Kay Hasz. This will be a unique opportunity to meet the District Governor and to hear about what's happening across our District.

On Thursday November 5th we will have a tour of historic Pubs of lower downtown. We will be guided by a local historian on this tour. Liquid refreshments will be available as an added bonus to this educational field trip. Please see Betty Spier for details.

Denver Mile High Rotary Upcoming Programs

October 28th - Dark at University Club

October 28th - District Assembly

November 4 - Mary Kay Hasz, District Governor, District 5450, will be our guest for a special morning meeting.

November 11 - This will be a fabulous meeting and a great opportunity to bring a guest. Stella Dongo, one of only six worldwide winners of the Rotary International Women of Action Award will be recognized by our club for the wonderful work she has done. Our guest speaker will be Dr. Ron Cohen. Many of us have been following the story of the Gold King Mine accident that sent millions of gallons of water into the Animas River in southern Colorado. Dr. Cohen presentation is "The History of Colorado Mining as it pertains to the Gold King Mine Water Release into the Animas Drainage." He is Associate Professor at the Colorado School of Mines Civil and Environmental Engineering Department. If you plan to bring a guest, please contact Greg Thielen so we can make arrangements for them.

November 18 - In the 1970's the creation of the 16th Street Mall changed the core of downtown Denver. The creative pedestrian/shuttle mall has many benefits and some challenges. David Gasper will be our guest speaker. David is Principal City Planner for the City and County of Denver and his presentation is entitled, "The Mall Experience: The Future of Denver's 16th St. Mall." This is another excellent meeting to invite a guest.

Here are some creative ways to use your King Soopers Card:

- Buy it as a gift: College kids, newlyweds and new parents appreciate groceries!
- Use it to buy supplies for special events; like bbq, mini-dinners or fundraisers.
- Purchase two, one for you and your spouse so that you always have it handy.
- Leave it in your car next to your re-usable bags, so you can grab both on the way out!

Every little bit adds up to funds that our club can use to treat guests or have events.

Thanks for your support!
